Presentation

The idea begun by a beautiful photo of a nice MC bottles range in Webstersbar. Now, this photo can be seen on our website.
Thanks to our Australian distributor, Cerbaco, Ray Daniel who manages this beautiful bar, has made his suggestion to make a special selection for his company Barrel & Batch Whisky Co-op.
After long discussions, few samples, good connections: Grand Frere was borned. It's come from Candid family but older, spicier, stronger, enhanced by a beautiful Oloroso butt selected by our friends of Equipo Navazos.
A good witness of whisky when friendship and passion are shared.
250 bottles of 50cl at 58% have been bottled in September 2020.
