Presentation

In 2020, both Bruhler Whiskyhaus and Whisky for Life, our German distributors, knows their anniversary. Once upon a time in the old cave, they tasted our old single cask, the only one non matured in wine cask, aged in a classic hogshead only. We must confess, despite be not matured in Sherry cask, it feels our Michel Couvreur style and soul. This is our cask exception: a sea peat spirit aged more than 21years in hogshead.

We decided to share this fabulous whisky with our consistant and passionated distributors.

Bottled the 06th April 2020: 12 magnums and 207 bottles have been made only.
