Presentation

To thank you again our German distributors: Whisky For Life and Brühler Whiskyhaus, we enjoyed to purpose a limited edition of malt whisky which could be enjoyed in winter.

Full flavors, spicy, nicely peated - not too much - complex and very long. This blended malt could remind our usual Overaged cask strength with a higher proportion of old and peated malt whiskies. Strong, full Sherry flavors enhanced by peat reminds Umami, Soja sauce savors.

Bottled at natural strength 54% abv, we would like to purpose a very concentrated malt whisky, very intense.
565 bottles and 36 magnums have been made in October 2024.
