Presentation

Our experiences and our casks exchanges, led us to make an ageing in Mauzac wine casks with Michel Issaly, wine producer of Gaillac (Le Vin de l'Oubli).

He will purpose his wine raised under veil in our whisky casks in 2019 too.

This maturation is the good witness: we don't seek to aromatize by wood, to saturate our spirits with tannins. We consider the wood cask like a museum, a vector of flavors memory of a domain. We find in this whisky the finesse and delicacy of the Mauzac, the roundness and the spirit of this extraordinary wine : "Vin de l'Oubli".

Three small barrels allowed us to realize 664 bottles and 12 Magnums in February 2019 only.
