

## OVERAGED AT CASK STRENGTH

powerful overaged

UPPER CLASS BLENDED MALT

ROBE : DARK REDDISH AMBER  
NOSE : SHERRY INTENSE, TABACO, DRIED FLOWERS

MOUTH : MELLOW AND TIGHT  
FINISH : SHERRY COMPLEX WITH A TINGE OF SMOKE

### Presentation

As classic Overaged more intense, more complex. This blended is composed by a higher proportion of old malts, more peated whiskies. Fragrance of dried flowers, flaxen tobacco, sherry wine, fat almond, a little smoked. Fruity, powerful and long in the mouth. Aimed at a balance between new pure young malts and fathomless maturity of older ones. End of mouth : sherry roundness enhanced by a slightly smoked. Fabulous nice balance between the nervous young single malts and the mellow olders.

Cask strength may be different, depending on the batch (between 50% and 55%).

### Tasting suggestions

To be preferably consumed cool (14 to 15° Celsius), as a digestive. It could be served with smoked salmon.

### Technical Data

CATEGORY	Blended Malt Whisky
DISTILLATE	Blended malt whiskies
AGE	12 ans
DISTILLATION DATE	***
DISTILLATION DEGREE	70%
NATURAL DEGREE	52%
