Presentation

A wonderful dream of pipe, aged more than one century, having known an amazing Colheita, issued by Niepoort quinta. They agreed to send very freshly emptied.

This single malt whisky has become dark, full flavors of compoted red fruits, offering an exceptional length with a beautiful rancio.

We would like to can repeat this ageing, unfortunately we may meet a such cask in his life once only. We are still hoping.

950 bottles of 500ml are purposed in 2025.
