Présentation

So delighted to can share ideas and projects with our German distributors - Bruhler WhiskyHaus and Whisky For Life - a new single cask is purposed in November 2019 and bottled the 15th January 2020. In Ancient mythology, Achates was Aeneas esquire during the Trojan war, he became the symbol of faithful friendship. Extremely old Oloroso cask - more than 80 years old - makes a special whisky with wild, oxydative and roasted flavors. Thanks to the humid cellar, we keep a silky texture and round flavors. Deep and intence, it knows a enormous energy with a strong deep. Dried flowers, tabaco and strong teas savours come from Oloroso Sherry maturation. 590 bottles + 30 magnums have been produced.
