Présentation

Malt Affair is a group of whisky lovers based in Singapore. They did a blind tasting and enjoyed our both Special Vatting and Blossoming. The term "alamak" is commonly used in Singaporean English, expressing shock, dismay, or surprise. It can be translated as "oh no!", because we are not classic for whisky collectors.

300 bottles of a very special blended malt whisky have been made in October 2025. A base of our classic Overaged enhanced with older malt whiskies aged in PX and Oloroso casks. Bottled at 46% vol. in order to keep concentration, this whisky is full flavors with a very classic style of Blended malt.

It appears soft, mellow at the beginning and complex, long, tight, elegant energy after taste.

Thank you Malt Affair!
